

Next Day Despatch **ARTWORK CHECKLIST**

Following these guidelines while creating your artwork will ensure that your artwork is Print Ready and produced to the highest standard with minimal production delays or additional artwork charges

PRINT READY PDF CHECKLIST

- File is at the required size (mm)
- Supplied as a scrolling page PDF, not in spreads or as individual files
- Artwork has been spell checked & proof read
- Artwork is in CMYK colour mode, unless specified otherwise (Spot Colours or Greyscale). No RGB
- Artwork resolution is at the minimum 300dpi (We recommend 600dpi for text based artwork)
- All fonts are embedded or outlined
- File contains 3mm bleed on each edge
- Graphics & Text are kept within a 3mm internal margin from trim edge

Please note if artwork is not supplied to the above spec, additional charges and delays may occur.
